

## NATIONAL LICENSING

“PROFESSIONAL ADVISERS”: December 2022

### 1. INTRODUCTION

Each **Licensed Awarding Body** operates under a licence with the Consortium. When we’re appointing and reviewing Licensed Awarding Bodies, the Quality in Careers Consortium Board has established a small team of expert **National Licensing Panel “Professional Advisers”** to assist the **Quality in Careers Director** by providing professional advice to the national licensing panels and to act as the primary link from the national team with their allocated Awarding Bodies.

Working closely with the Quality in Careers Director, our **Professional Advisers**:

- undertake an impartial scrutiny of a potential or an existing Licensed Awarding Body’s application for its licence (whether the initial application or a relicensing) and advise whether to defer or to proceed with convening a national panel;
- produce a preparatory brief for the Director to approve and issue to the panel;
- attend the national panel;
- write the national panel report for the Director to approve and issue to the national panel for confirmation prior to its formal presentation to the Awarding Body;
- undertake annual Continuing Quality Improvement Reviews (CQIRs) with Licensed Awarding Bodies – producing CQIR reports for the Director to approve and issue to the Awarding Body.
